# Breast Pathology Update Workshop

September 13-14, 2018

Stockholm-Sweden

Improvement updated education in diagnosis within breast pathology. This course offers small group instruction by international expert in breast pathology.

## Course goals

The goal of the course is to improve the participants understanding of current diagnosis.

The invited lecturer are internationally distinguished pathologist, Dr. Stuart J. Schnitt, MD, current Chief of Breast Oncologic Pathology, Dana Farber/Brigham and Women's Cancer Center, Associate Director, Breast Oncology Program, Dana-Farber Cancer Institute/ Brigham and Women's Hospital, Professor of Pathology, Harvard Medical School, Boston, Massachusetts. His current research include seeking biomarkers to guide treatment decisions in triple negative and BRCA-driven breast cancers.

## Course structure

The course consists of both small group lectures and case presentation. The small group lectures are focused on relevant topics of diagnostic interest. The number of participants is limited, with the objective of encouraging discussion.

## COURSE DIRECTOR

**Eugenia Colon, MD, PhD**  
Department of Pathology  
Unilabs Sweden  
S:t Görans Hospital

[eugenia.colon@unilabs.com](mailto:eugenia.colon@unilabs.com)

This course is suitable for practicing consultant pathologists and advanced residents with a special interest in breast pathology.
